Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. **Notes to the Financial Statements**  
December 31, 2014

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Operations**

The Animal Welfare Society of Jefferson County, Inc. ("Society") is a private, nonprofit organization dedicated to the health and welfare of animals. The Society's support comes primarily through public support, service revenue, membership dues, and special activities and events. The Society's work includes providing food and shelter for homeless animals. Additionally, the Society provides spay-neuter, inoculation and adoption services. The Society relies on public sector contributions to fund its operations.

**Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this basis, revenues are recognized when earned and expenses when incurred.

**Basis of Presentation**

The financial statement presentation follows the requirements of the Not-for-Profit Entities Presentation of Financial Statements Topic of the FASB Accounting Standards Codification. Under the Standards, the Society is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, including unrestricted-designated, temporarily restricted net assets, and permanently restricted net assets. *Unrestricted net assets* are those currently available for use in the Society's general operations under the direction of the board and those resources invested in land, buildings and equipment. *Temporarily restricted net assets* are those stipulated by donors for specific operating purposes or for the acquisition of property and equipment or those not currently available for use until commitments regarding their use have been fulfilled. *Permanently restricted net assets* are those contributed with donor stipulations that they be held in perpetuity with use of income for unrestricted or temporarily restricted purposes.

**Functional Allocation of Expenses**

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Animal Welfare Society of Jefferson County, Inc.  
**Notes to the Financial Statements (Continued)**  
December 31, 2014

**Cash and cash equivalents**

The Society considers all short-term investments with an original maturity of three months or less to be cash equivalents. All bank deposits and certificates of deposits are FDIC insured.

**Investments**

Investments in equity securities with readily determinable fair values and all debt securities are carried at fair value in the statement of financial position with gains and losses included as unrestricted in the statement of activities.

**Land, building and equipment**

The Society's policy is to capitalize land, buildings and equipment over \$1,000. Lesser amounts are expensed in the year incurred. Purchased land, buildings and equipment are stated at cost. Donated assets are recorded at fair market value at the date of contribution. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Depreciation on property and equipment is calculated by use of the straight-line method over the estimated useful lives of the assets of 5 - 28 years.

**Revenue recognition**

The Society recognizes revenue under the Not-for-Profit Entities Revenue Recognition Topic of the FASB Accounting Standards Codification. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

**Donated goods and services**

The Society receives donated goods and services from a variety of community donors and unpaid volunteers assisting the Society in its programs. The value of these goods and services are not reflected in these statements since they do not meet the criteria under the Not-for-Profit Entities Revenue Recognition Topic of the FASB Accounting Standards Codification.

**Income Tax Status**

The Society is a not-for-profit organization and is exempt from federal income taxes under Internal Revenue Code Section 501c(3). The Society files its tax returns in the United States federal jurisdiction. These forms for the years ended December 31, 2011, 2012, and 2013 are subject to examination by that jurisdiction generally for three years after they were filed.
